

LEADSCAN DATA CAPTURE ORDER FORM– European Microscopy Congress (emc2012), 16th-21st September 2012

Our LeadScan systems help connect buyers and sellers by providing you with additional data on visitors to your stand. A simple scan of each attendee's registration badge unlocks valuable contact information that's linked to the barcode on every attendee's badge.

Small, handheld scanners that store all your leads in its internal memory, giving you a convenient, portable, wireless form of lead storage.

The hand-held barcode scanner system is simple and easy to use. At the end of the event we will retrieve sales leads you have scanned and supply data to you via email within 2 working days of the end of the event.

OPTION ONE – Standard Scanner

OPTION TWO – Advanced Scanner + call to action sheet

PIC 1

PIC 2

Collect Vital Attendee Information

- A simple scan of each attendee's ID registration badge unlocks the valuable contact information that's linked to a barcode on every attendee's badge

Follow up with prospects faster

- Easily identify key sales and marketing actions required after the show that are vital to closing business
- FACILITY TO USE A4 SHEETS THAT YOU PRINT and write notes on, capture the Registration ID on the scanner and on the top of the sheet so that you can manually cross reference after the event

Collect Vital Attendee Information

- A simple scan of each attendee's ID registration badge unlocks the valuable contact information that's linked to a barcode on every attendee's badge

Identify potential leads

- Get the customised demographic and sales data you need to qualify prospects fast and analyse your tradeshow ROI. A list of 20 barcodes that you can assign to any type of call to action can be associated with each attendee that you scan

Follow up with prospects faster

- Easily identify key sales and marketing actions required after the show that are vital to closing business

(* depending on event type the actual product supplied may vary from the picture shown).
